(IRRIGATION BRANCH).

Submitted that the proposal of the District Board may be accepted (*vide* paragraph 1013, Public Works Code).

T. RAMAKRISHNA AIYAR—1-4-05.

I think the time is rather long, the work is "49. Major Works" on which revenue and expenditure accounts are kept and will be losing interest all the time; three years would seem more suitable under the circumstances.

Proposal accepted.

A. H. GARRETT—6-4-05.

FINANCIAL DEPARTMENT.

In paragraph 3 of G.O., No. 188 I., dated 18th February 1905, it is stated that the amount of contribution (Rs. 23,185) of the District Board, Madura, towards the cost of the construction of the girder bridge over the regulator and head sluice at the Peranai head works will be treated in the manner laid down in paragraph 2012 of the Public Works Code, *i.e.*, the imperial grant for the work will include the Rupees 23,185, the recovery of the contribution being made outside the Public Works estimates and accounts.

Page 2 of G.O., No. 188 I., dated 18th February 1905.

2. The cost of remodelling the Peranai head works is debitable to 49. IRRIGATION—*Imperial* and the contribution of Rs. 23,185 is to be effected from an Incorporated Local fund.

Article 1364 (*c*) of the Civil Account Code lays down that "(*c*) No transfer "transactions will be allowed directly between the Imperial Government and Incorpo-"rated Local funds. If any contribution is made by the Imperial Government to "Local funds or *vice versâ*, it must be adjusted through the Provincial accounts by "addition to, or subtraction from, the Provincial share of land revenue assigned to "the Government concerned, the adjustment between Provincial and Local being "made through the adjusting heads . . . ."

According to article 1367 of the Civil Account Code, adjustments between Imperial and Provincial, through the Land Revenue head, can be allowed only in cases where sanction to them has been given by the Government of India.

For a precedent, please see G.Os., Nos. 420, 421 I., dated 4th May 1897, and 700 I., dated 28th July 1897.

3. The present contribution (Rs. 23,185) from the Madura District Board will therefore in the first instance be treated as a receipt for Provincial under "Adjusting Heads—Contributions from Local to Provincial" and corresponding credit will be taken to Imperial through the Land Revenue head, and for this latter adjustment the sanction of the Government of India is necessary.

Paragraphs 1 and 3 of letter from President, District Board, Madura, No. 239, dated 3rd February 1905.

4. The President, Madura District Board, states that Rs. 20,000 which was provided in the District Board's budget estimate for 1904–1905 has lapsed, and that owing to want of funds it was not found possible to provide for the contribution in the budget for 1905–1906. It is accordingly proposed to pay the amount in *ten* equal yearly instalments commencing from 1905–1906.

5. The adjustments referred to in paragraph 3 will consequently be spread over for ten years.

* Not to the Board?

C. M. SCHMIDT.

Finance and Commerce letter No. 1768-A, dated 23rd March 1905, on page 3 of G.O., No. 308, Financial, dated 10th April 1905.

Looking to the small* amount (Rs. 23,185) that is involved and to the fact that the Madura District Board will receive a contribution in the distribution of the 14 lakhs placed by the Government of India in the budget estimate for 1905–1906 under "CONTRIBUTIONS FROM PROVINCIAL TO LOCAL" for grants to District and Local Boards, it is for orders whether the District Board may not be asked to repay the amount in 1905–1906.

V. GOPALA KRISHNAN—19-4-05.

Rupees 23,000 odd will make a big hole in the grant that the District Board is likely to receive from the 14 lakhs this year, but this grant is to be a fixed grant and India said that "expenditure on roads and bridges should have preference in all cases "in which additional outlay on such works "can be incurred with advantage." So that if Local and Municipal agree the entire contribution can be recovered in 1905–1906. Public Works Department (Irrigation) might then inform India accordingly (sending no copy of the correspondence).

Paragraph 3 of Finance letter No. 1768-A, dated 23rd March 1905.

C. M. SCHMIDT—24-4-05.

Yes.

M. HAMMICK.

If the amount cannot be paid in this year, it might be paid in three years, say. Ten years seems unnecessarily long.

M. HAMMICK—26-4-05.

To the Local and Municipal Department.

LOCAL AND MUNICIPAL DEPARTMENT.

Three years may be accepted as the term of repayment, Rs. 7,185 in the current year and Rs. 8,000 in each succeeding year, and provision may be made for this under the recurring grant of 14 lakhs. The amount of Rs. 23,185 should be taken to be a maximum estimate.

H. D. TAYLOR—28-4-05.

Three years will serve to repay.
